Introduction	1
Overview and welcome	1
Background on E/M changes.....	2
E/M utilization trends	3
E/M payments in review	5
Projected 2021 E/M office visit payment rates	5
Summary of changes	6
Revisions to E/M code descriptions and reporting requirements, 2020 vs. 2021	6
Section I: 2021 Documentation and Coding Guidelines	11
Make Sense of Medical Decision-Making	13
What is medical decision-making and why is it so important?.....	13
2021 MDM update streamlines reporting.....	13
The 3 columns – what they mean and how to use them.....	14
Number and complexity of problems addressed: Definitions.....	14
A closer look at the 4 levels of problems addressed	15
Amount and complexity of data to be reviewed and analyzed	16
Data analysis: A closer look	17
Risk of complications and/or morbidity or mortality of patient management.....	18
Take the new guidelines out for a spin	20
In summary.....	20
Time-based Coding for E/M Office Visits	21
Count every minute on the day of the visit.....	21
Changes to office visit coding	22
Activities that count toward time	22
How to calculate time.....	24

Contents

Split or shared time: When two practitioners see the patient	24
Set terms and times for documentation	25
Prolonged Services and Extended Services	27
Introduction: Prolonged service changes	27
99417 — When Level 5 office visits max out on time.....	28
Calculating time: CPT vs. CMS.....	28
99415-99416 — When supervised clinical staff perform the service.....	31
99358-99359 — When the office visit and prolonged service are different days.....	31
Understand times, thresholds.....	32
New work intensity add-on code	33
99354-99355 — Office visits excluded.....	33
Section II: 2021 Compliance and Readiness Updates.....	35
Address New E/M Compliance Risks	37
General risks	37
MDM-based coding	38
Time-based coding and prolonged services.....	39
Break the E/M Transition Into 4 Pieces	41
Learn, then train.....	41
Tackle the paperwork.....	42
Size up your software.....	43
Work on workflow.....	43
Quick-Glance Update Tool	45
E/M transition walkthrough.....	46
Section III: 2021 E/M Office Visit Coding Scenarios	47
How to Use the Coding Scenarios.....	49
Comparison tables.....	49
Definitions of typical medical abbreviations found in the following office notes.....	50
Medical Decision-Making Coding Scenarios	51
99202.....	53
Scenario #1: 99202—Suture removal	53
Scenario #2: 99202—New concern about a lesion	55
Scenario #3: 99202—Family risk factors for heart disease.....	57

Contents

Scenario #4: 99202—Right foot pain	59
Scenario #5: 99202—Tick bite	60
99203.....	61
Scenario #6: 99203—Foreign body in index finger	61
Scenario #7: 99203—Right leg wound	63
Scenario #8: 99203—Abscess on left breast.....	65
Scenario #9: 99203—Vaginal discharge, vulvar itching, vaginal odor.....	66
Scenario #10: 99203—Forehead pain, green nasal discharge and fever	68
99204.....	71
Scenario #11: 99204—Nausea, vomiting, diarrhea	71
Scenario #12: 99204—Chest pain	73
Scenario #13: 99204—Referral for newly diagnosed right breast cancer	76
Scenario #14: 99204—Left knee pain.....	78
Scenario #15: 99204—New concern about prostate cancer	80
99205.....	83
Scenario #16: 99205—Family history of cardiomyopathy	83
Scenario #17: 99205—Follow up of stroke	86
Scenario #18: 99205—New concern about a lymphocytosis and anemia.....	89
Scenario #19: 99205—Newly diagnosed stage III colon cancer	92
Scenario #20: 99205—Complex pediatric patient.....	95
99211	99
Scenario #21: 99211—Hematoma.....	99
Scenario #22: 99211—Blood pressure check.....	101
Scenario #23: 99211—Dressing change.....	102
Scenario #24: 99211—Urinary tract infection	103
Scenario #25: 99211—Doctor’s note to OK return to daycare	105
99212	107
Scenario #26: 99212—Procreation counseling	107
Scenario #27: 99212—Skin lesion on shoulder	109
Scenario #28: 99212—Sore throat.....	111
Scenario #29: 99212—Otitis media follow up	113
Scenario #30: 99212—Skin rash on arm.....	114

Contents

99213	117
Scenario #31: 99213—Ankle pain and swelling	117
Scenario #32: 99213—Acute upper respiratory infection.....	120
Scenario #33: 99213—Hemorrhoid follow up	122
Scenario #34: 99213—Repeat bacterial vaginitis.....	124
Scenario #35: 99213—Pediatric GI virus	125
99214	127
Scenario #36: 99214—Hypothyroidism and obesity	127
Scenario #37: 99214—Multiple stable chronic illnesses follow up	129
Scenario #38: 99214—CKD and HTN follow up	131
Scenario #39: 99214—Left wrist fracture.....	133
Scenario #40: 99214—Viral pneumonia	135
99215	137
Scenario #41: 99215—Brain tumor	137
Scenario #42: 99215—Aplastic anemia.....	140
Scenario #43: 99215—Myocardial infarction.....	142
Scenario #44: 99215—Multiple sclerosis.....	144
Scenario #45: 99215—Metastatic breast cancer.....	148
Time-based Coding Scenarios.....	151
99202.....	153
Scenario #46: 99202—Right foot pain	153
Scenario #47: 99202—Pain in forehead, green nasal discharge and fever	155
99203.....	157
Scenario #48: 99203—Family risk factors for heart disease.....	157
Scenario #49: 99203—Lesion on shoulder	159
99204.....	161
Scenario #50: 99204—Spells of loss of consciousness	161
99205.....	165
Scenario #51: 99205 and add-on code 99417— Newly diagnosed stage III colon cancer.....	165
Scenario #52: 99205 and add-on code 99417—Follow up of stroke	169

Contents

99212	173
Scenario #53: 99212—Note to return to daycare.....	173
Scenario #54: 99212—Chest pain	175
Scenario #55: 99212—Sore throat.....	177
99213	179
Scenario #56: 99213—Lesion on shoulder	179
Scenario #57: 99213—Left wrist pain	181
99214	183
Scenario #58: 99214—Persistent and worsening cough	183
99215	185
Scenario #59: 99215 and add-on code 99417— Metastatic breast cancer, clinical trial and sinus pain	185
